**RENEWED PETITION UNDER 37 C.F.R. 1.137(b) and (e)**

Hon. Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sirs:

In response to the dismissal of the previously filed petition to revive this application, the Applicants are submitting this renewed petition request with a Request for Continuing Examination which would be one of the proper submissions as recited under 37 C.F.R. 1.114 (in response to a Final Rejection). This request is a continuation of the papers submitted on September 19, 2007.

Applicants are submitting such an RCE as to help expedite the prosecution of this application.

Applicants note however that in the Examination of the Application, the Examiner did not provide a rationale for a rejection to Claim 16. With this omission, the Applicants contend the Finality of the Office Action was not proper. Regardless of this point, the Applicants wish to proceed with the

prosecution of this application in a timely manner.

Please use for the basis of Examination of this application, the previously filed response from September 19, 2007 (which accompanied the original petition to revive).

The Request for Continuing Examination is included with this paper.

Please charge any fees owed in connection with this renewed petition request to Deposit Account 07-0832, if any is owed.

The Applicants encourage that the Petitions Attorney call the Applicants' representative if there are any formal defects with the present petition.

Respectfully submitted,

/Joel M. Fogelson/
